Our Approach for Juniors

The goal of our junior lesson program is to maximize each player's skills using an energetic, technical and positive teaching approach.

Our junior program instructors focus on specific goals to make sure your child has a solid foundation of technique, footwork and strategy. Singles and doubles play will be incorporated into the workouts. Progress reports will be given out periodically to keep you informed of your child's activity.

We offer an optional junior member rate. Simsmore junior members receive lower class prices, significant reductions in court rental rates and priority in all programs. Note, neither parent or child needs to be a member to participate in Simsmore juniors!

Please call with questions! We look forward to seeing you on the court!
